

Dear Community Partner,

On February 22, 2019, the Phoenix Union Foundation for Education will hold its annual “**Art of Education**” Scholarship Dinner, themed “**Education Has No Boundaries,**” at the Phoenix Art Museum.

Master the Art of Giving by donating an item or certificate to be placed in our auction. The name of your business and your donation will be listed in our event program.

The Foundation supports the Phoenix Union High School District in providing opportunities for students to succeed in college, career, and life. The Foundation directly serves the District’s student population and staff by providing post-secondary education scholarships and supporting District-wide programs that demonstrate innovative and effective ways to meet the needs of its students. Since its inception, the Foundation has awarded just over \$1 million in scholarships to deserving students.

With your support, we hope to double our fundraising profits which will allow us to serve even more deserving District students. The attached donation form can be completed online or complete a hard copy and mail or email to the address shown on the form.

CONTINUING THIS YEAR, we are offering our Scholarship Dinner Sponsorships as part of our Annual Giving Campaign “Give once a year and receive benefits all year long!” Please visit our website to learn more about the Foundation and available Sponsorship Opportunities at: www.foundation4education.org.

We sincerely appreciate your consideration and thank you for your continued support and generosity.
